### KID'S FESTIVAL

I am pleased to attest that the European Union in Bosnia and Herzegovina, namely the Office of the EU Special Representative and the Delegation of the European Union, has supported the Kid's Festival through a number of different means over the past 8 years.

We are fully in support of the principles of the Kid's Festival, "building peace in the minds of people, starting with children as a cohesive element in bonding together divergent parties of society." These principles are ever-relevant in Bosnia and Herzegovina and we welcome the action and advocacy-in-practice of the Kid's Festival. We were particularly pleased that the Festival extended its reach in 2014 to Banja Luka as well as Sarajevo.

Most recently the Office of the EUSR has been a sponsor of the Festival and has assisted with the production of promotional material. In the past, the Festival has been a recipient of funds from the EU's financial assistance 'Instrument for Pre-accession Assistance' (IPA).

The efforts of the Kid's Festival to develop an international platform are laudable and we wish its hardworking leaders, staff and volunteers every success in the future.

Yours faithfully,

  
Andy McGuffie
